

The Tower Renewal Opportunities Book was prepared for the City of Toronto by ERA Architects Inc. and the University of Toronto and was edited by Graeme Stewart and Michael McClelland of ERA Architects Inc.

It is based in large measure on the research developed for a Master of Architecture design thesis prepared by Graeme Stewart at the John H. Daniels Faculty of Architecture, Landscape, and Design at the University of Toronto, in 2007, with Dean George Baird as thesis advisor.

Academic advisors included Adrian Blackwell, Paul Hess, David Hulchanski, Ted Kesik, David Lieberman, Ivan Salef, Paolo Scrivano, and Kevin Weiss.

The book was commissioned by the Mayor's Office at the City of Toronto with Chris Phibbs, Senior Advisor Planning, and Mary MacDonald, Senior Advisor Climate Change, leading the City working group.
