Royal Architectural Institute of Canada  
Institut royal d'architecture du Canada

The Royal Architectural Institute of Canada (RAIC) has operated continuously since 1907 as the national voice for architects and architecture in Canada. Its mission is to advocate for excellence in the built environment, demonstrate how design enhances the quality of life, champion sustainability, and promote responsible architecture in addressing important issues of society.

The RAIC is excited to be headed to Calgary to host the 2023 Conference on Architecture is being held in Calgary, Alberta. The event takes place from May 2 to 6, 2023 at the Hyatt Regency. The Conference will bring delegates together for a packed schedule including continuing education sessions, tours and special events (award ceremonies, networking, social activities, and more).

We acknowledge and pay tribute to the people of Treaty which includes the Blackfoot Confederacy, the Tsuuti'ina First Nation, and the Stony Nakoda First Nation. The City of Calgary is also home to Metis Nation of Alberta, Region 3. By the signing of Treaty 7 in 1877, we recognize that all Albertans are treaty people.

Conference attendees are eager to learn about new products and services. Don't miss the chance to connect directly with industry leaders and experienced professionals who control purchasing budgets. Your participation gives you an opportunity to make valuable contacts, increase sales, and join the discussion on designing a better built environment.
