

Industry Insider Live Webinars

Outline

Industry Insider webinars are designed to be engaging sessions designed exclusively for the Canadian architectural community. The expectation is that participants can expand their knowledge and connect with industry leaders. Each session features expert presentations that are thoroughly researched and presented with the utmost respect for diverse cultures and perspectives.

The 45-minute presentation, which may be pre-recorded, is followed by an interactive 15-minute Q&A with the presenters.

Presentation Requirements

- Educational purpose targeted at the Canadian architectural community.
- Presentation content must be accurate and easily verifiable.
- Avoid any content that denigrates culture, race, gender, national origin, or religion.
- Deliver the presentation in a professional and respectful manner.
- Align with the vision and mission of the Royal Architectural Institute of Canada (RAIC).
- Pre-recorded webinar should be approximately 45 minutes long.
- A live 15-minute Q&A session follows the presentation.
- Submit webinar title, description, and learning outcomes 12-16 weeks prior to launch.
- Provide a recording of the webinar one month before the scheduled event.
- Submit five quiz questions related to the content of the recording at the time of submission.
- Promote the presenter's organization's product for a maximum of two minutes.
- Ensure compliance with intellectual property rights.
- RAIC retains the right to review content and has final authority on usage.
- Be available 10 minutes prior to the start time on the day of the presentation.
